

Perks of Subscribing

Searching is Included!

- Subscribers forget that part of their CaseMetrix subscription is that **we'll run searches for you. Not only will we, we prefer to!** Our highly trained paralegals run searches for attorneys across the CaseMetrix network, all day, every day and are very good at it. Plus, they have access to advanced search capabilities that regular users don't have.
- There are **two main mechanisms** for having us conduct your research for you:
 - **Run My Search:** <https://case-metrix.com/run-my-search/>
 - Simply fill out the online form and submit it. It's routed to your account manager and they'll provide you with research reports, typically within 48 hours.
 - **Searchbot** is available once you're inside the secure site at secure.case-metrix.com. When searching, click on the green **Start Searchbot** button:

- Fill out the submenu that appears and we'll get that research out to you ASAP!
